## Our Company's Growth & Success in Q1 2026

The first quarter of 2026 has been a strong and productive period for Western, with key project completions, continued momentum across our live sites, and recognition for the quality of our work and our people. Alongside progressing major schemes and supporting local education initiatives, these achievements reflect the strength of our team and our values as a business, as we move confidently into the next phase of 2026.

Rory McGuigan, MD

# Glenveagh SEN School Completion

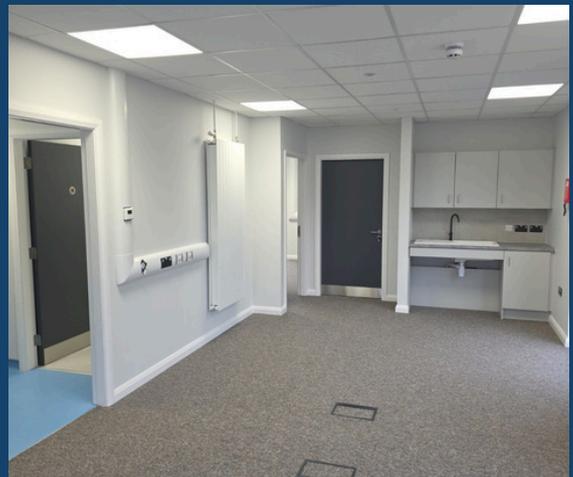

## Supporting the next generation in our community

We're delighted to confirm the successful completion of local projects at Primate Dixon and St Patrick's Primary School Donaghmore. Delivering modern, inspiring learning environments reflects our commitment to supporting the next generation and creating spaces where young people can thrive.

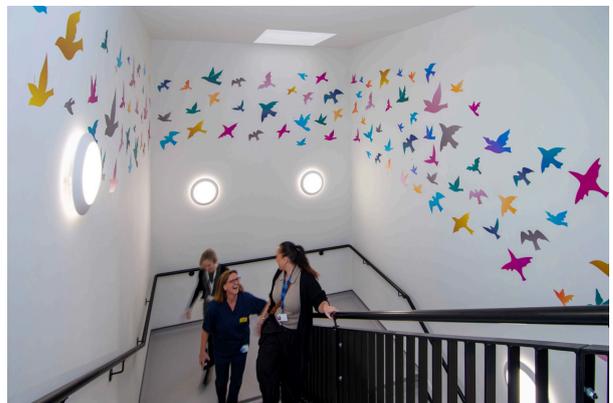

## Commercial Growth Across Ireland

The Modular Office Building at Tolka Quay Road has been successfully handed over, while Kildare Station for Irish Rail continues to take shape in the factory, exemplifying ongoing progress across our Irish commercial projects.

# Slough CDC Handover

Delivered by our team, this £25m, 2,800m<sup>2</sup> facility was completed in 52 weeks using advanced off-site construction and BIM, supporting the efficient delivery of high-quality healthcare infrastructure. The centre will provide up to 150,000 diagnostic tests annually, helping to improve early diagnosis and reduce pressure on local services. Well done to our team on an outstanding delivery.

## Best Medium Size Business of the Year

We were incredibly proud that Western was named Best Medium Business at the Mid Ulster District Council Business & Environment Awards 2026.

This award recognised an outstanding business that demonstrated innovation, resilience, and meaningful impact within its sector, for its clients, and across the wider economy. Receiving this honour reflected the expertise, dedication, and professionalism of our entire team, as well as the continued trust placed in us by our clients and community.

## Apprenticeship Week

Our team had a brilliant day meeting students from across Northern Ireland at the CITB Apprenticeship event, chatting about construction careers and apprenticeships at Western.

## Promoting World Recycling Day

At Western, sustainability isn't just a policy, it's a daily commitment that shapes everything we do. This World Recycling Day, we showcased one simple initiative that reflects our dedication to a greener workplace: our reusable Western water bottles.
